18.5" Capacitive Touch All In One PC

Specification

Backlight type	LED	Point distance	0.264mm
Resolution	1366*768	Viewing Angle (CR>10)	R/L 130(Typ.), U/D 100(Typ)
Aspect Ratio	16:9	Display brightness	500cd/m2
Contrast Ratio	5000：1	Backlight life	50000h
Color depth	16.7M (8-bit 2 (LVDS) channel low voltage differential signal)	Signal input interface	LVDS
Touch screen	Capacitive screen	Touch mode	finger
Points	Ten touch	Touch communication interface	USB口
Number of touches	>50 million times	Touch screen transmittance	85±5%
Surface hardness	≥6H	Touch screen resolution	1366*768

Host configuration

Motherboard		CPU	
RAM		hard disk	
power supply	External power supply 12V-5A	interface	VGA×1, HDMI×1, USB2.0×2, USB3.0×2, LAN×1, audio output×1, DC power interface×1
Network card	Built-in Gigabit LAN	Graphics card	Intel HD
Sound card	2.1	Built-in function	Wireless wifi/Bluetooth

Others

Normal power	≤35W	certified product	CCC
Operating temperature	-10℃～+60℃	shell material	Military grade aluminum alloy
environment humidity	20%～70%	Applicable industry	Industry, commerce
